Laboratory Insider

OZ Signature

\$174.00

Multi-Strength Zirconia

OZ Signature is made with a combination of 5Y-TZP and 3Y-TZP lending to its strength of 1200 MPa without sacrificing esthetics. Its innovative gradient technology offers a seamless progression of shade and translucency. OZ Signature is also milled from pre-shaded pucks, so there is no need to pre-color anything!

Suitable For Any Indication

OZ Signature is suitable for any indication! Use it for single units or up to 14-unit bridges.

Customizable

If desired, OZ Signature can be customized with MiYO staining.
