

Implant Complications Series

with *Dr. Gordon Christensen*

This program is designed to provide research and clinical observations, discussion, and conclusions on many known dental implant complications, how to avoid them, and treatment for them when necessary. Both surgical and prosthodontic aspects are included. The level of information ranges from placement and restoration of single implants to implant supported full-arch restorations.

This continued education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) and the AGD Continuing Education Program (PACE) through joint efforts between Benco Dental Supply Co. and Ottawa Dental Laboratory LLC. This continuing dental education course is provided pursuant to the laws, regulations and accepted dental practices of the state in which it is being provided. Participants should not assume that all the practices, policies, procedures and techniques outlined in this course will be applicable to the practice of dentistry in other states. As such, participants who practice in other states should refer to the rules and rulings of their own state dental boards to determine the applicability and appropriateness of the instruction provided. No additional discounts apply. Benco Dental is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Benco Dental designates this activity for 6 continuing education credits. No additional discounts apply. Refund policy: All requests for refunds or cancellations must be received in writing 45 days prior to the course. All refunds will be subject to an administration fee. No refunds accepted with less than 45 days' notice. There will be no refund for no shows. Send cancellations to: Anne Ball at aball@benco.com.
